Hi JP

- 
- Cesar will also be on the call. It is his moving day tomorrow (moves out of his house) but will be available. It would be good to thank him again for the strong work he has done during the last weeks. I will call Cesar later today.
- Rodrigo is aware and ready to attend. He is also ready with talking points. When the question comes re starting date, we agreed that we say that "we are working hard to ensure Rodrigo can start as soon as possible, pending employment visa and other formalities which need to be settled".
- We need to send the invitation to the LATAM LT tonight CET, for the call to take place at 3-3:30 PM CET, 9-9:30 AM Miami. @Tineke will you do this or do you need help? The alias is LLT - Latam Leadership Team <[latamllt@microsoft.com](mailto:latamllt@microsoft.com)>. Please can you also invite Jaime Galviz as he is not in the alias yet. The title could be "Connection with Latam Leadership Team". Once done, we can copy the link and send to Rodrigo (I can do that).

Stijn
